ABOUT ME

I'm a Front-End Developer with experience in developing in HTML5, CSS3, JavaScript and React. With over 10 years in a Retail Management background, I bring collaborative, communicative, problem solving traits, that allow me to develop strong web applications.

EDUCATION

Juno College

Web Development Bootcamp

2021

Ryerson University

Retail Management (B.Comm)

2009 - 14

SKILLS

HTML5	REST API
CSS3	Responsive Design
JavaScript	Figma Conversion
SCSS	Problem-solving
jQuery	Leadership
React JS	Communication

EXPERIENCE

Web Developer I   Jan '22 - Present

Q4 Inc.

- Developed and rebranded over 20 IR sites for clients, including Amazon, Entravision, General Mills, and RXO, using Q4's proprietary CMS and Figma concepts

- Assisted Support, Change Request and Optimization squads to provide additional development assistance to clients post-launch and to improve upon company templates

- Tech stack: HTML, CSS, SCSS, JavaScript, jQuery

Menswear Department Manager   Dec '18 - Oct '20

Sporting Life

- Managed a team of 20 - 30 associates over 2 departments, which cumulatively generated over $8 million per year

- Communicated with buyers and vendors on a monthly basis to discuss brand sales and store events

PROJECTS

NotBlockbuster

Live Link

Post-Bootcamp project created to strengthen our skills with React and Firebase. Users can query films, view details, and add to a favorites list. The list can be filtered to find a movie matching specifications.

Is The Book Better?

Live Link

Team based projects meant to test our ability to use APIs, Firebase and React. Page allows user to enter the name of a movie, which would be compared to its book counterpart. Ratings will reveal whether the book or movie is better.
